The [Meet Director Resource Center](#) page on the National Website is a valuable resource and contains the links to the necessary forms and other information.

There are only a few reasons to deny a sanction in a state.

- There are too many events in close proximity, location or date, in which case the State Chair can work with the meet director to choose a better location or date.
- The meet director has not shown he/she can comply with sanction rules related to running an event (paying National Office for drug tests, submitting paperwork by deadline, providing a safe environment during an event, etc.).
